

2020 PARENT PAYMENT CHARGES

Dear Parents/Guardians,

To continue the high level of education provided at Wattleview Primary School, our School Council has carefully assessed student needs in regard to the Essential Education Items.

On an annual basis School Council prepares a budget to provide resources for educational programs, administration, facilities development and maintenance. There are two areas for which parents are requested to make a payment or contribution.

Essential Student Learning Items: This covers the cost of your child's items such as books, stationery, curriculum supplies and digital technologies.

Optional Items: These are offered on a user pay basis and parents/guardians may choose whether their child accesses or participates in, eg. Camp program, excursions, graduations etc.

The School provides a service whereby the stationery needs of children are bought in boxes and distributed to your child on collection day. This enables the school to provide the supplies at a significantly reduced price to parents and it also means that all children have the correct requirements for their year level. Although children are supplied with what is considered sufficient materials for the entire year, further purchases by the school during the year are usually required. It is expected that stationery will be purchased through the school.

The following 2020 charges of **\$360** per student have been endorsed by School Council.
