

Commitment to Child Safety Policy (Child Safe Standard 2)

Our commitment to child safety

Wattleview Primary School is committed to child safety. As a community we want children to be safe, happy and empowered. We support and respect all children, as well as our staff and volunteers. We are committed to the safety, participation and empowerment of all children. There is zero tolerance of child abuse, and all allegations and safety concerns will be treated very seriously and consistently with our robust policies and procedures. We meet our legal and moral obligations to contact authorities when we are worried about a child's safety, which we follow rigorously.

Wattleview Primary School is committed to preventing child abuse and identifying risks early, and removing and reducing these risks. We have robust human resources and recruitment practices for all staff and volunteers. Our school is committed to regularly training and educating our staff and volunteers on child abuse risks. As a community we support and respect all children, as well as our staff and volunteers. We are committed to the cultural safety of Aboriginal children, the cultural safety of children from a culturally and/or linguistically diverse backgrounds, and to providing a safe environment for children with a disability. Wattleview Primary School has specific policies, procedures and training in places that support our leadership team, staff and volunteers to achieve these commitments.

If you believe a child is at immediate risk of abuse phone 000.

Our children

This policy is intended to empower children who are vital and active participants at Wattleview Primary School.

We involve them when making decisions, especially about matters that directly affect them. We listen to their views and respect what they have to say. We promote diversity and tolerance in our organisation, and people from all walks of life and cultural backgrounds are welcome. In particular we:

- promote the cultural safety, participation and empowerment of Aboriginal children
- promote the cultural safety, participation and empowerment of children from culturally and/or linguistically diverse backgrounds
- ensure that children with a disability are safe and can participate equally.

The school will support and assist children who disclose child abuse or who are linked to suspected child abuse through:

- direct connection with student Wellbeing Teacher
- direct connection with school on site Psychologist
- seek immediate counselling support (where necessary) from Regional Counselling Services
- link the child and family (where appropriate) to outside agencies

Our staff and volunteers

This policy guides our staff and volunteers on how to behave with children in our organisation. All of our staff and volunteers must agree to abide by our code of conduct, which specifies the standards of conduct required when working with children. All staff and volunteers, as well as children and their families, are given the opportunity to contribute to the development of the code of conduct.

Training and supervision Training and education is important to ensure that everyone in our organisation understands that child safety is everyone's responsibility.

Our organisational culture aims for all staff and volunteers (in addition to parents/carers and children) to feel confident and comfortable in discussing any allegations of child abuse or child safety concerns. We train our staff and volunteers to identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse.

We also support our staff and volunteers through ongoing supervision to: develop their skills to protect children from abuse; and promote the cultural safety of Aboriginal children, the cultural safety of children from linguistically and/or diverse backgrounds, and the safety of children with a disability.

New employees and volunteers will be supervised regularly to ensure they understand Wattleview Primary School's commitment to child safety and that everyone has a role to play in protecting children from abuse, as well as checking that their behaviour towards children is safe and appropriate (please refer to this organisation's code of conduct to understand appropriate behaviour further). Any inappropriate behaviour will be reported through appropriate channels, including the Department of Health and Human Services and Victoria Police, depending on the severity and urgency of the matter.

Recruitment

We take all reasonable steps to employ skilled people to work with children. We develop selection criteria and advertisements, which clearly demonstrate our commitment to child safety and an awareness of our social and legislative responsibilities. Wattleview Primary School understands that when recruiting staff and volunteers we have ethical as well as legislative obligations. We actively encourage applications from Aboriginal peoples, people from culturally and/or linguistically diverse backgrounds and people with a disability.

All people engaged in child-related work, including volunteers, are required to hold a Working with Children Check and to provide evidence of this Check. Please see the Working with Children Check website for further information

We carry out reference checks and require proof of police record checks where applicable to ensure that we are recruiting the right people. Police record checks are used only for the purposes of recruitment and are discarded after the recruitment process is complete. We do retain our own records (but not the actual criminal record) if an applicant's criminal history affected our decision making process.

If during the recruitment process a person's records indicate a criminal history then the person will be given the opportunity to provide further information and context.

Fair Procedures for Personnel

The safety and wellbeing of children is our primary concern. We are also fair and just to personnel. The decisions we make when recruiting, assessing incidents, and undertaking disciplinary action will always be thorough, transparent, and based on evidence.

We record all allegations of abuse and safety concerns using our incident reporting form, including investigation updates. All records are securely stored.

If an allegation of abuse or a safety concern is raised, we provide updates to children and families on progress and any actions we as an organisation take.

Privacy

All personal information considered or recorded will respect the privacy of the individuals involved, whether they be staff, volunteers, parents or children, unless there is a risk to someone's safety. We have safeguards and practices in place to ensure any personal information is protected. Everyone is entitled to know how this information is recorded, what will be done with it, and who will have access to it.

Legislative responsibilities

Wattleview Primary School takes our legal responsibilities seriously, including:

- **Failure to disclose:** Reporting child sexual abuse is a community-wide responsibility. All adults in Victoria who have a reasonable belief that an adult has committed a sexual offence against a child under 16 have an obligation to report that information to the police.⁽¹⁾ A person will not commit this offence if they have a reasonable excuse for

not disclosing the information, including a fear for their safety or where the information has already been disclosed. Further information about the failure to disclose offence is available on the Department of Justice and Regulation website .

- **Failure to protect:** People of authority in our organisation will commit an offence if they know of a substantial risk of child sexual abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so. (2)

- Any personnel who are mandatory reporters must comply with their duties. (3)

This policy will be made available to the whole community via website, newsletters and Compass (The whole school community online communication tool)

2 Further information about the failure to protect offence is available on the Department of Justice and Regulation website . 3 Mandatory reporters (doctors, nurses, midwives, teachers (including early childhood teachers), principals and police) must report to child protection if they believe on reasonable grounds that a child is in need of protection from physical injury or sexual abuse. See the Department of Health and Human Services website for information about how to make a report to child protection .
