

We are asking families who have a child starting school in 2019 to please complete and submit your enrolment documents. Your child is not counted in our numbers until we receive enrolment papers. If you do not have enrolment documents, these can be collected from the school office.

We will be looking at workforce and logistical planning very soon and we need to know the number of students at the Foundation level in 2019. Please do this for us as soon as possible. Thank you.
